WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as I those who buy any other watch, merely pay from 25 to 50 per cents. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

WHAT IS THOUGHT OF THE GOVERNOR'S COURSE.

We have never supposed for a moment that the course of Governor Holden in organizing regiments of regular troops and making other military demonstrations, at a heavy expense to the State and disturbance of peace and quiet, would be endorsed or even tolerated by any considerable number of the reflecting men of his own party. It is evident to all, and to none more than to his own friends, that his recent unnecessary, revolutionary movements, are the result of mere blind desperation, that, wanting the necessary moral support of even his own friends, must end disastrously to himself and his party.

Apropos to this subject, we clip the following from the last number of the Statesville *American*:

We presume that Gen. Alfred Dockery, has a reputation for truth, and that his veracity will hardly be called in question, especially not by those who know him. At a Republican meeting in Richmond county, last week, in the course of his remarks upon a resolution to endorse *Gov. Holden* Gen. Dockery opposed it, and it was defeated. The following is a brief statement of the occurrence:

"When the Holden resolution was read the Old Hero spread himself. He denounced him as the cause of nearly all the mischief in the State, alleged that his cowardice made him imagine evils when none existed—that he published inflamitory proclamations, based on his own fears—that he was in the ring of thieves of which Swepson and Littlefield were types, which had plundered the people and ruined the public credit. These, and other gave charges, the old man hurled forth with bitterness and scorn, and succeeded in defeating the resolution."

A resolution endorsing "Holden's efforts for peace," Gen. Dockery denounced as "untrue and worthless," closing with a motion to lay it on the table, which was adopted.

What is stated by Gen. Dockery of Gov. Holden, is known to be true by every man in North Carolina, (not excepting those who support him for the sake of personal interest,) that is at all cognizant of his official conduct.

In the Western counties, where the *Standard* intimates, the Governor's military movements give such general satisfaction, and Kirk's appointment is so strongly endorsed, we know there is the same universal dissatisfaction, and the same condemnation of the Governor's course, as has been manifested in other parts of the State. The following extract from a Western exchange will give some idea of the manner in which Holden's war policy is received in that section:

Buncombe Court opened promptly on Monday, Judge Henry presiding. The Judge's charge to the Grand Jury, is highly spoken of; especially his emphatic denial that there was the slightest need for troops in any part of the West. He censured Governor Holden in strong terms for sending the infamous Kirk to domineer over our people; who are a law abiding people, and have given no grounds for such an insult. Judge Henry intimated pretty plainly that Kirk would do well not to interfere with any matters which fall under his jurisdictions.

Court is still in session, and the docket very full.

"Every bitter has its sweet," is an old and very true proverb; this movement of Gov. Holden, though it may harass the people and burden the State with a heavy and unnecessary debt, will, nevertheless, operate to the utter demolition of the corrupt Radical party in the State, of which Gov. Holden is the head and guiding spirit.

TO THE OLD WHIGS OF NORTH CAROLINA.

We have obtained from an old Whig, who was at one time Vice President of the Leagues, a charter, signed by W. W. Holden, Grand President, to organize a league in a Western county.

He handed us at the same time, a ritual of the first, second and third degrees. The gentleman who furnished this evidence against the Governor and his Jacobinical clubs, is a minister of the gospel in good standing. As soon as he ascertained the true character of the secret clubs, he severed his connection with them, and feels it his duty to God, his own conscience and his country, to expose them.

We copy from page 6 of the ritual of the first degree, the oath which Gov. Holden first took and then administered to others:

RITUAL OF THE FIRST DEGREE,

OBLIGATION.

"I, A. B., here in the presence of Almighty God, and these Heroes of America, do hereby and hereon solemnly and sincerely promise and swear, that I will not communicate the secrets of the Heroes of America to any person in the known world, except it be to a true and lawful brother Hero; that I will not confer this degree upon any person in the known world, except I am authorized; that I will not cut, print, or write it upon anything movable or immovable under the canopy of heaven, whereby the secrets of the Heroes of America may be unlawfully made known; that I will not knowingly recommend for initiation any person who has not been a consistent Union man, in sentiment, during the rebellion; that I will keep the secrets of a brother Hero when communicated to me as such, or whenever his interest or safety may require it; that I will obey all due signs or summonses handed, sent, or thrown to me from a brother Hero; that I will not give the grand word of a Hero in any manner than that in which I shall hereafter receive it; that I will not speak evil of a brother Hero behind his back or before his face, but will warn him of all approaching danger, so far as lies in my power, binding myself under no less penalty than to have my head shot through; so help me God, and keep me steadfast in the due performance of this my solemn obligation. I furthermore promise and swear that I will not support any man for any office within the gift of the people unless he is truly a loyal man, always giving our support to brethren of this honorable Order in preference."

Having swallowed the above, the novitiate proceeds to the second degree, and takes the following disgusting oath, by which he binds himself "not to have illegal carnal communication with a United Hero's wife or daughter, knowing them to be such," which, of course leaves upon the mind of the ignorant subject the impression that all other females are the lawful prey of his lust, and hence the frequently recurring cases of rape and outrage by members of these accursed clubs. But to the oath:

President.—"The candidate will repeat the obligation after me:

OBLIGATION.

"I, A. B, of my own free will and accord, in the presence of Almighty God and these United Heroes—

Minister (interrupting) says: "Most illustrious President: It is now the first hour of the day, the time when our Lord suffered and the vale of the temple was rent asunder, when darkness and consternation was spread over the earth, and man was confounded. These, too, are times which try men's souls, and our liberties are seriously threatened. O, man! be faithful to thy brother man!"

President.—"Brothers, be faithful to your obligation."

All respond.—"We will."

(*The candidate proceeds*)—"do hereby solemnly and sincerely promise and swear, that I will ever conceal and never reveal any of the secrets of this or of the preceding degree to any person in the known world, except it be to a true and lawful brother Hero or United Hero; that I will not confer this degree upon any person in the known world, except I am authorized to do so; that in addition to my former obligation, I bind myself not to have illegal or carnal communication with a United Hero's wife or daughter, knowing them to be such; that I will not cheat, wrong or defraud a brother of this degree to the value of one dollar knowingly myself, or permit it to be done by another if in my power to prevent it; that I will support the Constitution of this State, and of the United States, and uphold the rights of a free people and the civil laws, and that I will conform to the rules and usages of this Order, and recommend no unworthy person to become a member thereof; binding myself under no less penalty than to have my heart pierced through. I call upon my God, and these United Heroes, to witness this my solemn obligation. I furthermore promise and swear that I will not support any man for any office within the gift of the people unless he is truly a loyal man, always giving our support to brethren of this honorable Order in preference."

After the oath, the *minister* reads the 6th chapter of Joshua from the 17th to the 25th verse.

There is not a county in Eastern North Carolina, scarcely, but has had a case of outrage on females, by some member of these clubs, but in no case have we heard of the victim being the wife or daughter of a leaguer, but invariably has the outrage been on the wife, daughter or widow of one hostile to the league.

It is a logical deduction, that ignorant, untaught men, taking an oath not to carnally know females of one class, will construe the oath into a license to carnally know, and even commit rape upon all of other classes.

Having made this article sufficiently long for one day, we will reserve comments on the third degree, to another occasion.

The Survey Schooner, "Arago," lying in the Neuse River at Newbern, was twice struck by lightning during the storm which prevailed on Friday last.

Address of Hon. W. M. Shipp To the People of North Carolina.

CHARLOTTE, N. C., July 2d, 1870.

I have heretofore been announced as a candidate for Attorney General of North Carolina. Sacrificing my own private interest and yielding to the solicitations of numerous friends I have consented to occupy that position. Under the present Constitution the selection of that officer devolves upon the people. This officer is made by the Constitution ex-officio the legal adviser of the Executive Department; by law he is required to defend all actions in the Supreme Court, and also upon the request of the Governor or Legislature to appear in behalf of the people of the State in all causes or matters, civil or criminal, in which the people are interested, and to prosecute and defend all suits relating to matters connected with the several branches of the Executive Department.

Before asking your support for this very important office, I think it my duty to state briefly my views and principles. I sympathise fully in the efforts of the Conservative party to introduce retrenchment and reform, and relieve the State from the misrule under which she is unfortunately laboring. I am opposed to the party in power, because I think they have deceived and abused the confidence of the people; they have heaped upon them onerous taxes; they have vastly increased the public debt; they have wasted the public money; they have endeavored to suspend the writ of *habeas corpus*; and are now attempting to crush the spirit of the people under the heel of military power.

One question which has heretofore agitated and disturbed the public mind is settled beyond controversy. I mean the question of negro suffrage. His rights are now secured by constitutional provisions of the United States and the State governments. I do not, nor does any other *southern man*, desire to disturb this constitutional settlement, much less to reduce the negro to slavery again as is sometimes charged. All are willing to lend him a helping hand. It remains for him to say how he will exercise the important privileges secured to him. Whether he will act the manly part of a freeman and think for himself, or whether he will be led and controlled by the arts and duplicity of designing and ambitious men. It behooves him to consider well his position, act well his part, and when he votes, do so with reflection and with an eye single to the welfare of his country. Attractive names and party epithets will not save the country.—But while this question is settled, this important privilege conceded to the colored man, there is another important proposition impressing itself upon the mind of every just man, that is constantly coming up before us. We have been taught to believe that when universal suffrage was attained, that sort of justice, universal amnesty, would follow in its wake; but while this important right is conceded to the black man, while he is enfranchised and admitted to all the political privileges of a freeman, hundreds, I may say thousands, of white people are laboring under disabilities imposed by test oaths and constitutional amendments. Good men, patriotic men, men whom the people would delight to honor, are excluded from holding seats in the councils of the country, and even the most insignificant offices. I earnestly desire to see all upon terms of equality. The war ended more than five years since; the Southern armies surrendered to the superior power of the United States; the people as a unit acknowledged allegiance to the Government of the United States. Since that time they have quietly submitted to the laws of the country, to the acts of Congress passed for the government of these States. They now desire to be placed upon terms of political equality with their former slaves and to have the privilege of selecting their best men to *represent* them in the councils of the nation and to fill the offices of the country. It is difficult to comprehend the denial of this privilege, yet disability bills drag slowly through the Congress of the United States, and are opposed upon partizan grounds alone.—Liberality upon the part of our rulers, a little magnanimity exhibited by the Congress of the United States would contribute more to restore confidence and bring about quiet and peace than all the fiery proclamations issued from the Executive Department.

Since the war our State Government has gone through many phases and changes. We had a Provisional Government inaugurated under the auspices of President Johnson and Gov. Holden. That was succeeded by the administration of Gov. Worth. We then had the reconstruction acts and the military rule of Generals Sickles and Canby. Under these reconstruction acts a Convention was called and assembled in the city of Raleigh to amend and adopt a Constitution. They entered upon their work and made a Constitution which they submitted to the people. In that Convention there was an immense majority of the Republican party. They submitted an instrument which made many and radical changes in our system, leaving scarcely a relic of the old Constitution behind them. They reorganized the whole judiciary system; they made five Judges of the Supreme Court instead of three as hitherto; they made twelve Judges of the Superior Court instead of eight as heretofore; they abolished the County Courts and substituted a Board of Commissioners and a Probate Judge; they provided for annual sessions of the Legislature instead of biennial as heretofore; they extended the term of the Executive to four years instead of two; they provided for a commission to change the whole system of practice and proceedings in our courts of justice; they created other offices unknown to our former laws; in short they remodeled our system of government. That Constitution was adopted by the people. The Radical party, with few exceptions, elected all their officers in the State and counties and took charge of the State Government. What has been their history from that period to the present? They made magnificent promises. We were to have Railroads almost everywhere—the mountains and the sea were to kiss each other. They promised universal education to the masses, white and black. The agricultural and mineral interest of the county were to be developed. The laws were to be made plain and simple, that every body might understand them. They promised economy in the public expenses, and the poor man was to be the special object of care and consideration on the part of the party which then arose into power.

How have all these promises been fulfilled? Where are the railroads built? The schools in operation? What has been done to develope the great industrial resources of the State? How have the laws been simplified? Where is the economy in public expenses? It can be scarcely necessary to make a serious answer to these questions. Every man's reflection suggests the answer in his own mind. Here and there in a few towns a school or two—if there be any in the country districts I have not heard of them. The agricultural and mineral interest of the country have been forgotten. It is true, we have had Code Commissioners at work, and although they are intelligent men, yet in their attempt to adopt a system of laws suited to the latitude of New York to the habits and customs of our people, they have succeeded in making a medley that is not understood by the people, by the legal profession, or by the Judges of our Courts. As for the railroads, where are they? Still dragging their slow length along. But how have this party succeeded in their financial management. The details of the operations in this department of our system would be marvellous and astonishing.

When the war ended our people were ruined in fortune and largely indebted publicly and privately. The Convention of 1865 repudiated the war debt, but left the debt contracted before the war still in existence. That debt, according to the message of Gov. Holden in November, 1869, was seventeen millions of dollars; a large, very large debt for the impoverished condition of the country. It was asserted likewise that the Constitution required the old debt to be paid and that a refusal or omission to do so would bring upon our heads the shame and disgrace of repudiation. Yet, with these prominent and suggestive facts before them, this debt was increased by the party in power, at one bound, almost to near forty millions. Of course the interest of this debt was to be paid regularly and punctually; the ordinary expenses of the Government were likewise to be paid, so that the burden imposed upon the people and to be raised by taxes annually was enormous. These taxes too were to be collected out of all, poor as well as rich. The remorseless tax gatherer knows no friend. To carry out these appropriations bonds were issued and placed in the hands of various Railroad Presidents and Agents and were thrown upon markets of the world. They were manipulated by brokers, jobbers and speculators. What sums were realized by these speculators is not, and I suppose never will be known. It is certain that the State received no benefit from them.

How these appropriations were passed is a settled conviction. That outside influences were brought to bear, that rings within rings were formed, that money and bonds were used, is not only believed but established by evidence. But the people became outraged, and the Legislature attempted to retrace their steps. They repealed the laws making these appropriations and required a return of the bonds.—Some of the Presidents refused to return them, insisting upon their legal rights.—Others had sold and hypothecated their bonds for the loan of money, and others were unaccounted for, so that only a little over four millions are returned. Suits are also brought upon some of these bonds requiring the Treasurer to pay the interest. These suits are still pending. Under these circumstances who can tell what the debt of the State really is.

Is it a wonder that the credit of the State is gone, that her bonds are hawked about and sold in the State of New York at one fifth their value. Who is to blame? It is attempted to throw the odium of these appropriations upon a minority of fifteen Democrats who were in the Legislature.—But it was a party measure upon which the party in power staked their success, and they must abide by the result and not attempt to throw off the responsibility by criminating others. Nor can their leaders now escape retribution by attempting to repudiate all the acts of the party. It sounds too much like the penitent laments of a convicted criminal at the bar of justice. This matter might be pursued further, but the history of these appropriations is so remarkable that it forms an era in Legislative history. In the annals of North Carolina we have never before heard of such extravagance, such charges of corruption, such wild waste of public money.

The internal improvements of the State are retarded and put back for years, in all probability, by this reckless conduct on the part of our legislators. What becomes of that great improvement in the West? Where are the seven millions appropriated to build that magnificent work? One President in the North, Baltimore perhaps, the other flitting between Florida and Washington and New York so rapidly that you can scarcely point his place. These men were placed in power by the present administration, and the people of the West must place the responsibility upon the right shoulders.

But there are other things to be considered—the ordinary expenses, as they are called, of this present administration. It is startling. In one year, according to the report of the Auditor, as compiled and published in the Sentinel, the expenses of the State Government amounted to seven hundred and ninety-two thousand dollars. More than twice as much as Gov. worth's administration and many, many times more than other administrations that ever ruled in North Carolina. Under this system not only the State but the county governments have cost twice as much as in former years. The salaries and fees of officers are doubled the costs of suits before Justices of the Peace are more than trebled, and so with everything.

It is impossible to go into detail in this Address. I ask the people to look into these matters, examine and see, then ask themselves the question if there is not necessity for reform. Nor is this all. The personal liberty of the citizen is threatened. A few months since the Chief Executive officer of this State proclaimed a county in a state of insurrection and asked Congress to suspend the writ of habeas corpus, and subject every man to the arbitrary rule of military power. More recently he has avowed a purpose and is in fact carrying it into execution, preceded by a manifesto breathing threat and vengeance, of arming and equipping the militia and raising three regiments for immediate and active service. He has appointed officers and has even gone to a neighboring State and selected a commander of one of these regiments peculiarly obnoxious to many of our people. Why are all these warlike demonstrations? Why this martial array of troops? Why are we to have the music of the fife and drum? The Governor is Commander-in Chief of the militia and may call them out to execute the laws, to suppress insurrection and repel invasion. No one of these contingencies has arisen. There has been no insurrection. There has been no resistance to the execution of the laws. Everywhere the people are quiet and peaceable, and pursuing their business with energy and industry. In certain localities crimes have been committed, the persons of individuals have been violated, but there is no reason given why such crimes and such offences cannot be punished in the Courts of justice. The courts are open and undisturbed, and criminals are tried and convicted. No sane man can or ever will justify lawlessness let it assume what shape it may. All the County Conventions which have met in the State have condemned in unmeasured terms unlawful combinations of men by whatever name they may be called; whether they be called kuklux, loyal leaguers, or any other name. I endorse these sentiments. There is no necessity for these military preparations, and I am persuaded that there is a deeper meaning than is revealed in these proclamations. Nor does it require prophetic vision to see that the means proposed are calculated to bring about the very result which is *apparently* so much deprecated. Where is the authority to be found justifying appropriations of money to raise and equip these regiments in a time of profound peace and at an immense expense. But the danger is to the liberty of the citizen, and of conflicts likely to be precipitated by the indiscretions and intemperate zeal of men dressed in a little brief authority. Let all the officers of the law do their duty. If one fail let him be punished and I think all will be well. Evil doers will never be arrested by these military regiments. Recent experience has proven that "surely in vain the net is spread in the sight of any bird."

We are, fellow citizens, upon evil times, and it becomes you to act with prudence and discretion. Be not deterred from doing your duty. At the proper time march fearlessly and undismayed to the polls and deposit your ballots for the cause of reform. Rescue your State from the hands of the men who have plunged her in debt, who have destroyed her credit and made her name a by word of reproach.

CHATHAM COUNTY NOMINATING CONVENTION.

On the 25th June inst., the Democratic and Conservative nominating convention for Chatham county was held in Pittsboro', when the following proceeding were had.

The meeting was called to order by Capt. W. L. London, chairman of the county executive committee.

On motion of John M. Moring, Esq., a committee of one from each township was appointed by the executive committee to nominate a President, Secretary and other permanent officers for the meeting, who reported the following which was unanimous concurred in:

For President, Nathaniel Clegg, Esq.; Secretary, R. Jas. Powell; Assistant Secretary, Robt. Payton, and one Vice-President from each township, viz: Hugh Peoples, Dr. Geo. C. Newby, P. J. Snipes, S. H. Crutchfield, R. N. Boule, Wm. S. Gunter, Dr. J. B. Buns, A. B. Marsh, Thos B. Lassiter, Samuel Siler, Dr. C. Kirkman and C. R. Scott.

Mr. Clegg took the chair and expressed the object of the meeting in a few timely remarks.

The following preamble and resolutions were then offered by R. James Powell and unanimously adopted:

WHEREAS, strong prejudices do exist among certain individuals in the county of Chatham against a county convention, ostensibly for the reason that such conventions have heretofore been controled by a monopoly; and,

WHEREAS, it is the sense of this convention to thwart any and all attempts to bias any of its delegates thereby reinveing said cause for prejudice, and seeing a fair and impartial discharge of their duty; therefore be it resolved,

1st. That we the delegates representing the different townships of the county of Chatham in convention assembled, do enter upon the discharge of the responsible charge delegated to us by our townships, unbiased and unprejudiced in our determinations by any previous cause or undue influence.

2nd. That any attempt to evade the above resolution by any portion of the delegates of this convention will be recognized as a virtual admission of a concerted action on part of said delegates, thereby destroying the harmony and good intention of this meeting, and adding strength to our common political enemy.

3rd. That upon the faithful discharge of the first resolution, we do pledge ourselves to the support of the nominees of this convention, and that we will oppose any and all self constituted or otherwise appointed candidates in opposition to them.

The following resolutions as a guide to conduct the proceedings of the meeting, were offere I by Dr. J. B. Burns, and unanimously adopted:

Resolved, 1st. That this convention organize itself into a committee of the whole, that each township be entitled to five votes, and that the nominees of this convention be elected by ballot.

2nd. That no one will be declared a nominee of this convention unless he receive two-thirds of all the votes in the meeting.

The meeting then proceeded to ballot for their candidates for the Legislature, which resulted in the following ticket, and was unanimously concurred in:

For Senate—W. Gaston Albright.
House of Commons—John A. Womack and R. Jas. Powell.

The two-thirds rule was then rescinded and a majority allowed to rule.

For Treasurer—Col. H. A. London.
For Register—W. H. Hatch.
For Surveyor—P. J. Snipes.

The nominations were made unanimous.

It was agreed that the Chairman appoint a Committee of one from each township to select the ticket for County Commissioners, Sheriff and Coroner. The Committee reported as follows:

For County Commissioners—Atlas J. Riggsbee, J. D. Brasington, W. S. Gunter, Bryan Burroughs and Alexander Thomas.
For Sheriff—G. J. Williams.
For Coroner—Job Steward.

The report was adopted without a dissenting voice.

Resolutions were then unanimously adopted endorsing the nominations of Hon. Sion H. Rogers for the long term in Congress and Hon. Robert B. Gilliam to fill the unexpired term of Dewesse, and also that of Hon. Wm. M. Shipp for Attorney General.

Messrs. Womack and Powell were then called for, who responded in formal acceptance of their nominations.

The term of the County Executive Committee having expired by limitation to this meeting, the Chairman appointed the following new Committee, viz: Centre Township, Capt. W. L. London, Chairman; Baldwin's, G. W. Fousbre; Williams', L. B. Bynum; New Hope, Nathan Clark; Hadleys', J. B. DeGraffinreid; Hickory Mountain, J. A. Alston; Mathews, J. Geo. Hanner; Oakland, Jordan Tysor; Albright, Saml. Siler; Bear Creek, Wm. Harper; Cape Fear, H. W. Brown; Gulf, Jas. F. Rieves.

The following Committee were appointed to wait upon Mr. Albright, inform him of his nomination and ask his acceptance: J. W. Perry, Murphy Vestal, Wm. Duncan and Saml Siler.

On motion, it was ordered that the proceedings of this Convention be furnished the Raleigh SENTINEL and Fayetteville *Eagle*, for publication.

On motion, the meeting adjourned.

The Excelsior issues Policies on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all the really desirable advantages. Its policies being non-forfeiting, the insured are privileged to *live and travel where they please* in any healthy part of the world; they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular *features* of other Companies, represented in this State, *without* an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income to cash through life, or for a series of years as preferred.*

ATTENTION! CONSERVATIVE DEMOCRATIC CANDIDATES!

All the Conservative Democratic candidates nominated at the late Wake county Conservative Democratic Convention, are respectfully requested to meet in this city on Friday, the 8th inst. at 12 o'clock M., to make arrangements for the campaign and for consultation. Report at the Sentinel office on arrival.

Sale Continues To-morrow.—The sale at the Yarborough House to-day embraced table ware, tables, bureaus, bedsteads &c., which went off at quite moderate prices. The sale will be continued to-morrow, and a lot of crockery, castors, knives and forks, sheets, napkins, mattresses, bedsteads, and various other household articles, such as almost every housekeeper wants will be sold without reserve. Let everybody attend who wants to buy bargains. Sale begins at 10 o'clock.

Woman Killed.—A colored woman, whose name we did not learn, was run over by the yard engine at the R. & G. Depot, last night about 9 o'clock, and so badly injured that she died soon after. She is said to have been crazy, and met with the accident by running under some cars standing on a track close to the one the yard engine was passing on. The engineer saw her and called to her to get out of the way, but she apparently became confused, attempted to run under the train and the trucks of one or two cars ran over her.

Chas. Hunter, formerly an employee at the Yarborough House, can be found at the Market House, stall No. 17. He keeps on hand vegetables, fruits, &c., which he furnishes to customers at reasonable rates. In addition to other things, he always has a plenty of delicious Ice Cream.

When you go to market, give Charles a call.

An Address.—We have on our table a pamphlet containing the address of Hon. John H. Wheeler, at the recent commencement at Chapel Hill; subject, "North Carolina, Her Past, Present and Future." The address contains a great deal of valuable statistical information in regard to the material resources and financial condition of the State, and is altogether, in manner and matter, an interesting and useful essay on the history and prospects of North Carolina.

After the Fourth.—The ceremonies of the Fourth were closed by an exhibition of fireworks last night. Nothing extraordinary. A few of the celebratists were lodged in the guard house, mostly under the head of "drunk and disorderly." One damsel of sable hue swore out a warrant this morning against a gay Lothario of her own color, whom she charged with an assault with intent to commit that brutal crime that is becoming so common of late among the idle class of his color. We have not heard whether he has been arrested or not.

There were too many lemonade and barbacue merchants engaged in business yesterday, and many of them had so much dead stock left on hand that it eat out all the profits and a part of the capital invested.

We were astonished that the movers in this affair in the city, consisting mostly of high salaried officers, didn't get up a barbacue and give their colored friends from the country something to eat; but we are told that the city negroes didn't even ask the country negroes home with them. We shall doubtless have all this accounted for in the *poetic* account of the "day's doings" in the *Standard*, to morrow morning.

Troops Moving.—We notice that U. S. troops are moving toward the depot today, but for what point they are destined we have not ascertained.

We saw watermelons in market this morning, but we were afraid to ask the price.

Water melons have appeared in the Newbern market.

There will be a regular meeting of Rescue Steam Fire Engine Company, at Prempert's saloon, on Tuesday evening, July 5th, at 8½ o'clock, a full attendance of the members is desired, as business of importance will be transacted.

The Chatham Educational Association will hold its next session at Mt. Vernon Springs, in Chatham county, on Wednesday night July 13th, 1870.

During the session addresses will be delivered before the Association by S. Finley Tomlinson, M. A. Principal of Sylvan academy, Benjamin J. House, Esq., of Haywood, Jno. M. Moring, Esq., of Moringsville, and other gentlemen of literary ability.

There will be much business of great importance to the cause of education, our schools and the Association, and a general attendance of the members is earnestly desired.

These Springs are located in a beautiful and healthy region of country, are celebrated for their medical virtues, and combined with the known hospitality of the people, will furnish a pleasant sojourn to those attending the Association.

Distillation of Brandy.—The following instructions issued from the Assessor's office of this district, in regard to the distillation of Brandy, we publish for the information of those concerned:

United States Internal Revenue,
Assessor's Office, 4th District, N. C.
Raleigh, July 5th, 1870.

Sir:—Persons who intend to distil brandy from apples, peaches or grapes, exclusively, during the approaching season, should first register their stills in triplicate, "to be used" on Form No. 26, with the assistant Assessor, if the still has not heretofore been so registered, they should then file with the assistant Assessor, to be immediately forwarded to the Assessor, a notice of intention to distil, on Form No. 27½; when the Assessor receives the notice on 27½, he will make a survey of the distillery in triplicate on Form No. 99, giving one copy to the distiller. After the survey has been completed, the distiller will file with the Assessor a bond on Form No. 30½; when the bond has been approved by the Assessor, the distiller should make application to the assistant Assessor on Form No. 11, for special tax and pay the same to the collector.

The distiller, having obtained his special tax receipt from the collector, may commence operations at his distillery whenever he pleases, but he will be required to keep a book on Form No. 25½, showing the hour of commencing and the hour of closing each day.

The special tax for nine months will be $37,50. A tax of fifty cents per gallon will be paid to the collector before the brandy is removed from the distillery premises.

The tax of two dollars a day will not be required of brandy distillers.

The bond should not be less than five hundred dollars.

Very respectfully,
W. D. JONES, Assessor.

Young North Carolina.—We are gratified to note the success of the young men of our State in the paths of learning, although that success is attained in the institutions of other States to which they have been driven by the narrow, short-sighted partisan policy exhibited in the management, or mismanagement of our own State University.

We are indebted to the kindness of a friend for the following list of young men from our State, some of them from this city, who have gained distinction in the University of Virginia, during the scholastic year just closed:

Spending the Money.—We notice today the arrival of a large number of boxes, (perhaps a hundred) containing uniform for the Governor's new standing army.—They are stored in the arsenal building on the Capitol Square, to await, we suppose, the organization of the army.

The people would like to know by what authority this expenditure of their money is made.

The ball given by Messrs. Pepper and O'Connor at the Macon House, Morehead City, is spoken of by the Newbern papers as a splendid affair.

Convenient and Simple.—"Brown's Bronchial Troches" are a simple and convenient form for administering, in combination, several medicinal substances held in general esteem among physicians in the treatment of Bronchial affections and Coughs. The Troches seldom fail to give relief.

A Message to the Ladies.—It is not necessary to coat the faded fibers with filth, or to stain the skin, in order to renew in your blanching ringlets the lustrous hue of their prime. Phalon's Vitalia or Salvation for the Hair, as clear and transparent a fluid as that which sparkles in your cologne bottles, effects the change more satisfactorily than any other preparation in the world.

July 5-eod1w.

Why Do You Cough?

When it is in your power to relieve yourself; a few doses of *DR. TUTT'S EXPECTORANT* will cure you and allay the apprehensions of your friends; moreover, it is pleasant to take, it produces no nausea, and strengthens the Lungs and throat to resist attacks in the future. Mothers need not dread the Croup when they have a bottle of this valuable compound on their Mantlepiece.

Build up the System.

Strength evaporates fast at this season. This is especially the case with all who live by the sweat of their brow. From every pore of the sieve-like skin a moisture exudes which contains the elements of vitality. Thereby the blood is impoverished, the nerves relaxed, the muscles weakened, the digestion impaired, the bowels disturbed, and the animal spirits depressed. The constant drain that produces these effects cannot be arrested, because it is due to the heat of the atmosphere; but the loss of the life-sustaining elements can be supplied by extra invigoration. Now, therefore, is the time to resort to Hostetter's Stomach Bitters, the most powerful and healthful of all vegetable tonics. Long experience has proved that nothing else will efficiently sustain and regulate the system, when wilting down under the double pressure of excessive heat, and constant physical or mental labor. All persons who have been tempted to try the local "tonics" (so-called) which have been started by sordid speculators in almost every town and village, with a view of "turning a penny" by the credulity of the unwary, know this to their cost. It is a wise maxim, in that says "hold fast to that which is good." Of the forty millions of people in the United States prob bly one-fifth have tested the restorative properties of Hostetter's bitters and know it to be a specific for dyspepsia billousness nervous weakness, general debility, constipation, fever and ague, and want of appetite; that any of these should be persuaded to experiment with the worthless nostrums, recommended by unscrupulous and ignorant empirics seems almost incredible.

IN MEMORIAM.

The death of Nathaniel B. Tunstall, on the 5th of April, at Bryan City Texas, was sometime since announced in the Sentinel; but the death of such a man deserves more than a simple announcement. One to whom he was endeared by the ties of a long and unbroken friendship, asks therefore a brief space in your columns for the purpose of paying a feeble tribute to his memory.

Mr. Tunstall, was born in the year 1805, in the county of Franklin, this State and resided there until his removal to the Southwest in 1838. After a few years, he changed his residence from Mississippi to the State of Arkansas where he lived until the close of the late civil war, when he removed to Bryan City, and there had his home until the termination of his earthly career. Although in the accidents of life his residence and consequently his associations were so often changed, yet he never failed to secure the confidence and regard of every community in which he lived. He possessed in a very high degree those traits of character, which attract observation and command respect. His sound understanding gave weight to his opinions; whilst his easy and affable manners, ready wit, cheerful disposition and generous hospitality made him the favorite of every social circle. In his family and to his intimate friends he was warmly affectionate, and those who knew him in these near relations could best appreciate the estimable qualities of the heart, which lay at the foundation of his character. His integrity was unbending, he loved the truth for its own sake, and was ever steadfast in his devotion to correct principles.

And now that he has passed away from earth, in taking a retrospect of his life, there can be found as little to be remembered with regret as in the life of any man who has lived so long, whi st his family and friends who survive will cherish fondly the recollection of his many noble virtues, so rarely united in a single individual, and so worthy to be admired and imitated.

Hacks always at Henderson, to take pupils to the College. No charge to pupil for hack-hire.

The subscriber begs to return his thanks to the many friends of Kittrell's Springs Female College for the liberal patronage which gave to that Institution an unparalleled success. It is due to them that he should assign the following reasons for leaving that location.

1. He can cheapen education. The property at Kittrell's is too expensive to establish there a permanent school at low rates. The buildings are of wood, requiring constant repairs, more liable to fire, and erected originally as a summer resort.

2 The desire expressed by so many to have Kittrell's Springs again opened as a watering place.

3. The kind and almost irresistible overture, made by the good citizens of Oxford, to come into their midst. Every appliance of the school at Kittrell's, including pianos, furniture, &c., has been moved by them free of all charge.

4. The wide-spread and justly deserved reputation of Oxford for health, refinement, and untiring zeal in behalf of education.

5. The unanimous action of the Board of Directors in placing the College in his charge for ten years.

6. The pupils in attendance at Kittrell's the past session, with scarcely an exception, have been entered for the next session at Oxford, many parents expressing a preference for that location. This fact is most gratifying, and he congratulates himself that his former patrons sustain him with so remarkable a unanimity. He expects, with the help of his former most efficient and accomplished Faculty (all of whom accompany him,) to build up in Oxford a permanent and first-class College for young ladies, one that shall be a joy to the State, and an ornament to the south.

Warner moved to extend the naturalization law to aliens of African nativity and to persons of African descent, adopted, yeas 31, nays 30.

The bill was reported to the Senate and the amendments were agreed to.

On Mr. Warner's motion a separated vote was taken, when it was concurred in by a vote of yeas 36, nays 17.

Sumner renewed his amendment to strike out the word "white," which was lost, yeas 12, nays 36. The bill then passed.

The Senate disagreed to the House amendment to the funding bill, and ordered a Committee of Conference.

Fenton introduced a bill to incorporate the Tehuantepec Railway and Ship Canal Company.

Davis offered, but after a debate said, in response to the request of several Senators, withdrew a resolution censuring the Secretary of the Treasury for failing to respond to a resolution of inquiry, concerning certain Indian claims.

The tax bill was then taken up. The question being the amendment providing for bonded transportation of merchandise to interior cities.

Sherman, from the special Committee, made a report favoring the establishment of the postal telegraph system, and requested that the bill go over until next December; agreed to.

The House then took up the Kentucky contested election case of Barnes vs. Adams. The report being in favor of Adams, the sitting member, who is a Democrat.

MISSOURI.

St. Louis, July 5.—The "Lee" arrived at 11:25 a. m., making run from New Orleans in 3 days, 18 hours and 14 minutes, beating the Natchez time on last trip, 3 hours and 44 minutes.

A million of dollars changed hands on the result. Thousands of people were out to witness the arrival. The race has been a complete ovation from first to last.

PENNSYLVANIA.

Woodstock, July 5.—On the 4th after the ovation, the President being present, General Butler made an onslaught on the introduction of Chinese labor, when Gen. Hawley took issue with him and said let them come. Catanoxy, the Russian minister, in return for the compliment of playing his national hymn, spoke of the traditional friendship between Russia and the United States, hoping that it would be perpetual.

VIRGINIA.

Richmond, July 4.—The Conservative caucus to-night, by nearly a two-thirds vote, determined that it was inexpedient to re-apportion the State for Congressional representation at this session.

No action was agreed upon with reference to the formation of parties in the State.

It has been raining nearly all day. No public demonstration, save the parade of two colored societies.

FOREIGN.

Rome, July 5.—The Council has adopted the preface and first two chapters of the infallibility scheme. Partizans of extreme infallibility refuse any alterations, and demand an immediate vote. The Bishops are fast leaving, and it is thought that the final vote will be taken by the 10th.

London, July 5.—Consols 93; Bonds 90½.

Liverpool, July 5.—Cotton firmer, Uplands 9¼; Orleans 10, sales estimated at 10,000 bales.

Geo. H. Stuart, in his speech before the Christian Association at Indianapolis, said the most interesting sight he saw in London was not Buckingham Palace or the Great Exhibition, but two feeble Christian young men, with stammering tongues, but hearts filled with love, preaching to an audience of thieves and pickpockets and drunkards and fallen women at midnight in a part of London where they could not go in safety without two policemen.

The editor of the Hancock (Ky) *Messenger*, in a farewell address in his expiring journal, regrets that he has not had the pleasure of writing the obituary of several skinflints of the town. This is the bitterness of impecuniosity.

A little boy once said to his aunt: "Aunty I should think that Satan must be an awful trouble to God." "He must be trouble enough: indeed, I should think so," she answered. "I don't see how he came to turn out so, when there was no devil to put him up to it."

NOTICE.

COMPARATIVE COST OF LIFE INSURANCE, as exhibited by an insurance in the Widows' and Orphans' Benefit Life Insurance Company of New York, under their system of Tontine Dividends, and an insurance in *any other Company*, under its system of annual dividends. For illustration, suppose a person aged 37 years, insures in a company charging on a ten *annual* payment policy of $10,000, an annual premium of $535.70,

He would pay in 10 years,	$5,357 00
Less an average dividend of 36 per ct.	2,142 80
Making the nett cost of his insurance in 10 years,	$3,214 20

In the Widows' and Orphans' Benefit Life Insurance Company, his annual premium would be $549 10, and in 10 years he would pay $5491 00

Less Tontine Dividend in cash, at end of 10th year,	5,291 60
Making the *nett cost*, in W. & O. Life Insurance Co., in 10 years,	$199 20

Giving a clear saving in 10 years of $3,014 91, by insuring on the Tontine plan.

This plan of insurance is fully endorsed and recommended as better to the assured, and giving greater *security* to the *Company* and *policy-holder*, by the Hon. Wm. Barnes late Supt. of the Insurance department of the State of New York, and by the leading Financiers of New York, as well as by all competent insurance actuaries in the United States. PAIN KILLER FROM PERRY DAVIS & SON'S PROVIDENCE R.I. 1840 1870

This Valuable Family Medicine has been widely and favorably known in our own and foreign countries upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

It is an External and Internal Remedy. For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has without doubt, been more successful in curing the various kinds of cholera than any other known remedy, or the most skillful physicians. In India, Africa and China, where this dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates a sure remedy; and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in unskillful hands. Directions accompany each bottle.

Sold by all Druggists.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (cash assured), for the year 1869, exceeded that of the second company in rank by more than TWENTY-FIVE MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 5th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after they once begin to pay them at all; but they do not begin to pay until the settlement of the third, fourth, or fifth premium.

One Hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AN. THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

UNPREGEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Places it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill, and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
